I. APPLICABILITY OF THE A/E MANUAL

The Commonwealth of Virginia Construction and Professional Services Manual – 2004 Edition, Chapters 1 through 10 (the A/E Manual) shall apply to the contract awarded pursuant to this RFP and is incorporated by reference herein in its entirety.

Proposer's attention is directed to Chapter 2, Definitions, for definitions of terms used in this RFP. The terms "Agency" and "Owner" are used interchangeably in the material referenced in this RFP and mean the public body issuing this solicitation for services and with whom the successful A/E Proposer will enter into an agreement. For purposes of clarity and uniformity in this RFP, only the term "Agency" will be used herein.

Proposer's attention is also directed to Chapter 3, General Terms and Conditions for Professional Service Contracts.

II. PURPOSE

The DMHMRSAS, Office of Architectural & Engineering Services, often needs professional structural engineering assistance for discrete, small projects such as investigations, studies, reports, design of small projects, and related services. The aim of this RFP is to contract with one (1) A/E firm who will agree to be available to provide these services in a timely manner, thereby reducing the Agency's cost and time for advertising and developing numerous RFP's, and generally to increase the Agency's efficiency in obtaining professional services.

These services may be required at any of the sixteen (16) DMHMRSAS, one (1) Department of Rehabilitative Services (DRS) or three (3) Department for the Blind and Vision Impaired (DBVI) facilities statewide, and/or less frequently, at any one or more of the forty (40) Community Services Boards (CSB's) statewide, or occasionally at any other Agency as requested.

The purpose and intent of this RFP is to solicit proposals for a Term Contract for such professional structural engineering services to be provided on an "as needed" basis pursuant to Project Orders issued during the contract term. The contract shall be renewable for a one year term, at the Agency's option, for up to a maximum of four (4) one year term renewals.

The Proposer is advised that the Office of A & E Services is seeking proven expertise in the area of structural engineering services. Firms currently having a Term Contract with DMHMRSAS are not eligible for consideration.

III. AGENCY'S RIGHT TO ISSUE RFP'S AND PROJECT ORDERS:

Any contracts resulting from this solicitation will not be exclusive. The Owner reserves the right, at its sole discretion, to issue RFP's for similar work, for other disciplines or types of work, and for other projects as the need may occur. An A/E may have only one A/E Term Contract in effect with an Agency or its subsidiaries or branches at any time.

The Owner also reserves the right to issue Project Orders to other A/E's under Term contracts at its sole discretion, based on its evaluation of each A/E's qualifications, expertise, current workload, capabilities, performance record, location or distance to the project, and other factors as may be pertinent to the particular project. The Owner also reserves the right under the provisions of this

Contract to issue a Project Order to the A/E to provide services of a similar type or discipline covered by this RFP to a subsidiary, branch or state agency in the same geographic area.

IV. SCOPE OF SERVICES

The selected A/E shall furnish all expertise, labor and resources, in accordance with the requirements of the A/E Manual, to provide complete services necessary for Project Order(s) issued during the Contract Term. The following generally summarizes the types of scopes of services that the A/E may be required to perform, depending on the individual Project Orders:

- A. Provide evaluations, analysis, recommendations, cost and time estimates, reports, feasibility studies, preparation of schematic or preliminary designs, field inspections and investigations, and code compliance investigation for structural engineering projects.
- B. Provide complete contract documents for small project designs in accord with the procedures of the A/E Manual for projects assigned by the Project Order.
- C. Provide services to investigate problems and prepare recommendations for corrective action.
- D. Prepare an A/E cost estimate for proposed projects.
- E. Prepare feasibility studies for proposed projects.
- F. Other types of professional services of a nature consistent with the intent of the RFP.

Any project order for a feasibility or other study or a schematic or preliminary design issued pursuant to the Term Contract shall not include the right to extend the A/E's scope of services to include full design and construction period services. The A/E shall not, however be prohibited from participating in competitive negotiation procurement for such services.

V. POLICY ON SMALL BUSINESSES AND BUSINESSES OWNED BY WOMEN AND MINORITIES:

It is the policy of the Commonwealth of Virginia to contribute to the establishment, preservation and strengthening of small businesses and businesses owned by women and minorities and to encourage their participation in state procurement activities. The Commonwealth encourages contractors to provide for the participation of small businesses and businesses owned by women and minorities through partnerships, joint ventures, subcontracts, or other contractual opportunities. Submission of a report of past efforts to utilize the goods and services of such businesses is required with any proposal for A/E services where the total A/E contract amount may exceed \$100,000. Since the potential for project orders under the contract exceeds \$100,000, the Proposer must provide information on its past utilization of Small, Women, and Minority Owned disadvantaged businesses, and must also state any plans to utilize such businesses and the manner in which they may be utilized under this Contract.
